

Cluj-Napoca, ROMANIA,  
January 2015

Dear colleagues,

*Studia Universitatis Babeş-Bolyai seria Psychologia-Paedagogia* is a journal dedicated to the fields of psychology, educational sciences, special education, and special didactics, and also to adjacent or interdisciplinary fields. It appears twice a year, in June and December, and it is indexed in multiple databases such as ProQuest, EBSCO and Fachportal Pädagogik (for a complete list see: [http://studia.ubbcluj.ro/serii/psychologia/psychologia\\_eval.html](http://studia.ubbcluj.ro/serii/psychologia/psychologia_eval.html)). As such it can be a relevant resource for professionals intending to report their research findings.

We look forward to receiving experimental studies, exploratory studies, theoretical papers, methodological papers or case studies, with the following deadlines: **April 1<sup>st</sup>** for the June issue, and **October 1<sup>st</sup>** for the December issue. The manuscripts are subjected to blind-review, and the authors receive a decision in approximately three weeks. Each paper is reviewed by two reviewers, and the decision is made by the editor based on the reviews and his/her own evaluation. You can find the instructions to authors at [http://studia.ubbcluj.ro/serii/psychologia/index\\_en.html](http://studia.ubbcluj.ro/serii/psychologia/index_en.html).

Hoping that you will consider this journal as a useful tool for your professional development, we are honored to invite you to publish in *Studia UBB seria Psychologia-Paedagogia*.

Assoc. prof. Adina Glava, PhD,  
Lecturer Thea Ionescu, PhD,

*Editors-in-chief.*
